## **KINDERGARTEN INFORMATION 2022**

Applications close Friday 23 July 2021.

To accommodate all children in our schools, the School Education Regulations 2000 specify how schools must prioritise enrolments. Principals assess applications for enrolment for the following year after the enrolment closing date (the first Friday of Term 3 each year).

Wembley Primary School has boundaries set, called a local-intake area. Which means you must be residing within our Local In-take area at the time of enrolment to be eligible to attend and show proof of intended residency.

Schools are not in a position to deviate from these legislative requirements, by which all public schools must abide.

Approximately three weeks after the closing date, letters regarding your application are sent advising of your success or otherwise.

Successful Applications will receive a 'Package' containing all the relevant forms and requirements for your application. (e.g. Birth Certificate, Immunisation etc.)

### **APPLICATIONS ARE PRIORITISED**

If the number of children applying to enrol at a Kindergarten with a local-intake area exceeds the number of available places, enrolments are prioritised in this order:

1. A child who lives in the local-intake area of the school, who has a sibling enrolled at the school for that year and who lives closest\* to the school.
2. A child who lives in the local-intake area of the school, who does not have a sibling enrolled at the school for that year and who lives closest\* to the school.
3. A child who does not live in the local-intake area of the school, who has a sibling enrolled at the school for that year and who lives closest\* to the school.
4. A child who does not live in the local-intake area of the school, who does not have a sibling enrolled at the school for that year and who lives closest\* to the school.

There will be an Information and Orientation Session for parents and children later in November.

\*The distance from a student's residence to the school is measured in a straight line on a horizontal plane. This method of measuring distance is determined by the Interpretation Act 1984 (Sections 3 and 65).
